TRADE SCHOOLS: DATA-DRIVEN, AUDIENCE-CENTRIC SOLUTIONS

Our Approach:

- We prioritize what we know about your audience and goals to deliver full-funnel, data-driven marketing solutions.
- We harness the power of analytics to develop platform-agnostic media strategies that reach the right potential students at the right time.

Activation Opportunities:

- Drive awareness with **CTV, DOOH, and digital** with key target audiences within the radius you're most likely to acquire new students.
- Use **paid social** to reach highly targeted audiences and increase your local following.
- **4-page shared mail inserts** can provide more detailed program and registration information to help boost consideration and response within the communities that matter most.
- **Direct mail** can deliver timely and relevant information about registration and open house events to targeted recipients.
- Use **search engine marketing** to reach audiences searching for specific keywords, like 'Trade school near me,' or convert them later with **display ad keyword retargeting**.
